

CARBON REMOVAL SPECIALISTS

“Don’t Scrub it, Just SOAK IT!!”

NEW TECHNOLOGY

All Kitchens have difficulty cleaning filters, roasting tins, cooker tops, gas rings, pots, pans, griller tops, bread pans, baking trays and baking sheets.

Fat-Tank have spent years researching ways of solving this cleaning problem without the use of caustic soda.

The Fat-Tank with Tiger Powder, now fully developed by Fat-Tank is the ultimate cleaning system and is successfully used by leading hotels, bakeries and restaurants internationally.

Non-Toxic, Non-Corrosive,
Biodegradable

New Cleaning Philosophy

Long lasting (28 days)

It's Green!

These Tanks are thermostatically controlled, double skinned stainless steel units that come with a drainage valve, loading basket and hook. They only require electricity to operate and no further installation process is required.

SIZE	WATER	CHEMICAL	WIDTH	LENGTH	DEPTH	AMP.	ELEMENT	PHASE
Small	110Ltr	6Kg	406mm	823mm	779mm	13	1kw	Single
Standard	190Ltr	10Kg	559mm	823mm	779mm	13.5	1kw	Single
Medium	280Ltr	15Kg	635mm	972mm	830mm	14.5	1.5kw	Single
Large	400Ltr	25Kg	635mm	1124mm	1062mm	16	2x1.5kw	Single
Ex. Large	1500Ltr	75Kg	1100mm	2050mm	950mm	16	6x2kw	Three

HOW WE DO BUSINESS

YOU PAY ONE PRICE FOR EVERYTHING

- The Tanks are rented to you and maintained by us.
- We drain, refill and re-supply chemical every 28 days.
- We train all your staff and continue to retrain as requested or required.
- In the unlikely event of a Tank repair, we will come out the same day, repair your Tank or swap it out.

No other hidden costs.

• The Butcher Shop & Grill Dubai • Carino's Italian Restaurant Chain • The Aviation Club • The Meat Co • Nando's

COST SAVINGS ANALYSIS - MEDIUM TANK

ITEMS		SAVINGS PER MONTH
		Dhs
1	Chemicals (up to 50% monthly)	275
